

# AGC: Certified in Saving Green

WE ARE FSC AND SFI CERTIFIED

We've obtained both Forest Stewardship Council (FSC) Chain-of-Custody Certification and Sustainable Forestry Initiative (SFI) Chain-of-Custody Certification.

The Forest Stewardship Council (FSC) is an international nonprofit organization that promotes responsible management of the world's forests by recognizing products and processes that meet their rigorous environmental and social standards.

The Sustainable Forestry Initiative (SFI) is a comprehensive system of principles, objectives and performance measures developed by professional foresters, conservationists and scientists, among others that combines the perpetual growing and harvesting of trees with the long-term protection of wildlife, plants, soil and water quality.

Products labeled with FSC or SFI logos have been entirely or partially produced with fiber coming from forests certified to the FSC or SFI standard, carefully managed, responsibly harvested and adheres to strict environmental and socioeconomic standards.

AGC is also committed to using environmentally friendly printing processes including, recycled/certified papers and the lowest VOC (volatile organic compound), vegetable- and soy-based inks and varnishes.

**ASK TODAY** how you can begin labeling your marketing communication materials with the FSC or SFI label.

The global benchmark for responsible forest management.  
The FSC Logo identifies products which contain wood from well managed forests certified by Bureau Veritas Certification in accordance with the rules of the Forest Stewardship Council.

Cert no. BV-COC-071007
